

## 'Welcome to the Future'

NextGen is coming! Are you ready? Do you know what to expect? We want to show you some of the concepts of NextGen and the equipment that you will need by 2020. This briefing will be presented by FAA Avionics Inspector Tim Annis from the Allentown Flight Standards District Office (FSDO), who brings 36 years of Avionics experience to this informative discussion, including bench work, installation and manufacturing experience. Come on out and grab a hot dog and some chips and a look at the future in Aviation Technology. With winter weather upon us please register for this event on-line as only those registered get an e-mail notification if the event is canceled or postponed! One of the door prizes for this event will be a RDG Airport 75th Anniversary commemorative taxiway desk lamp.

**Directions:** Go to passenger boarding lounge.

### **A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
